## FULL STACK DEVELOPER | WEB AND MOBILE APPLICATIONS

[LinkedIn](#) | [GitHub](#)

Dynamic web and mobile app developer with expertise in diverse tech stacks. Actively exploring opportunities to elevate skills and contribute to innovative projects.

## WORK EXPERIENCE

**Web Developer Intern | Cybeart Inc. – Toronto, Canada**

**June 2023 – Jan. 2024**

- *Collaborated with a team of developers to create and optimize website performance for a streamlined user experience.*
- Developed various website components using Bootstrap for responsiveness and JavaScript to handle functionalities, bounding features such as add-to-cart functionality, carousel, user authentication & registration, search bar, navigation, forms and footer.
- Implemented robust user validation during the signup process to enhance data accuracy and prevent incorrect entries, debugged and thoroughly tested all application features.

**Web Developer – Contract | Feel Fitness Gym – Vadodara, India**

**May 2023 – July 2023**

- *Developed & hosted a responsive website that is compatible with 92% of devices, resulting in a 38% upsurge in inquiries.*
- Utilized React.js and CSS to craft a seamless user experience, effectively addressing dynamic user needs.
- Developed a BMI Calculator using JavaScript, created a responsive gallery & carousel for attaching images.

**Web Developer Intern | J.C.N Technology Private Limited – Vadodara, India**

**Jan. 2021 – May 2021**

- *Spearheaded the development of a full-fledged web app, driving a 25% increase in sales.*
- Created a relational SQL Database and wrote SQL queries to assign lab technicians for water parameter analysis.
- Utilized HTML5 for structure, CSS3 for styling components, and JavaScript for functionalities, complemented by ASP.NET (C#) and SQL queries for a seamless back-end integration.
