Professional Highlights

Innovative and dedicated software developer with a year of hands-on experience, showcasing a robust coding foundation and a fervent passion for the technology sector. Recognized for driving impactful contributions to cutting-edge projects and embodying a commitment to continuous learning. Eager to apply a diverse technical skill set and unwavering dedication to excel in roles that foster innovation and offer avenues for professional growth within the dynamic tech industry.

TECHNICAL ACUMEN

- **Programming Languages** - Java, C++
- **Web Development** - HTML, CSS, JavaScript, ASP.NET, React, PHP, REST API
- **Mobile App Development** - Java, React Native, Swift
- **Testing Tools** - Postman, Espresso
- **Collaboration Tools** - Jira, Slack, Trello
- **Design Tools & Languages** - CSS, XML, Balsamiq, Figma
- **Databases** - MongoDB, Firebase, SQLite, MySQL, LocalDB
- **IDE** - VS Code, Android Studio, Xcode, IntelliJ IDEA, Visual Studio
- **VCS & Hosting Services** - Git, GitHub, cPanel, Hostinger

CORE SKILLS & COMPETENCIES

- | | | |
|-----------------------------------|--------------------------------|--------------------------------|
| • Software Development Life Cycle | • Data Structures & Algorithms | • Object Oriented Programming |
| • Android Application Development | • Cross-Platform Development | • Teamwork & Collaboration |
| • Web Application Development | • In-Depth Problem Solving | • Oral & Written Communication |

ACADEMIC ACCOMPLISHMENTS & EDUCATION

Post Graduate Diploma in Mobile Application Design & Development
Lambton College – Toronto, Canada

May 2023

➤ **Dean's Honour List Candidate, Term 22-23 (3.53 GPA out of 4)**

Key Projects Completed:-

Project Management Application - Cross Platform (Android & iOS)

- Collaboratively developed the application based on React-Native platform to view projects, assign tasks, manage activities, track and schedule deliverables, employed NodeJS for the server, MongoDB for data storage & retrieval, utilized REST API, performed unit testing and tested using Postman API testing tool to test the API's.

Development Tools and Frameworks:- React Native, NodeJS, MongoDB, Postman

Tasks Planner Application - Android & iOS

- Developed & delivered a native app in Android & in iOS to manage a variety of tasks, including recording, uploading audio files, task categorization/update, data persistence, push notifications, attaching images.

Development Tools and Frameworks:- Java, XML Layouts, RoomDB, Espresso, Android Studio(IDE)

ACADEMIC ACCOMPLISHMENTS & EDUCATION (CONTINUED)

Bachelor of Computer Applications (BCA)

May 2021

Equivalent to a Bachelor's degree in Computer Science in Canada

Maharaja Sayajirao University of Baroda – Gujarat, India

- ***Acquired internship placement at J.C.N Technology pvt ltd, Vadodara, based on exceptional academic performance.***

WORK & PROJECT EXPERIENCE

Web Application Development - Freelance Project

May 2023 – July 2023

Feel Fitness Gym

- ***Designed and developed a highly responsive website which is compatible with 92% of devices, tailored to the client's precise specifications, resulting in a remarkable 38% upsurge in membership inquiries.***
- Leveraged the power of React.js and CSS to craft a seamless user experience, effectively addressing dynamic user needs.

Development Tools and Frameworks:- HTML5, CSS3, React, JavaScript, Figma, Hostinger

Work Integrated Learning (WIL) Program - Mobile Application Developer

Jan. 2023 – Apr. 2023

Lambton College

- ***Guided a team of five skilled developers in conceiving, designing, and building a mobile app for game reviews. This innovative app enables users to create profiles, stay updated on the latest game releases, watch trailers, read game critiques, and access purchasing links. Our efforts earned us high praise from our technical subject matter expert, who lauded us as the standout team.***
- Developed the app utilizing Android Studio, XML layouts for designing the app & SQLite for the Local Database.
- Incorporated tools like Balsamiq & Figma to create UI | UX wireframes for the application.
- Hosted the app on GitHub & used Git as version control systems for effective collaboration.

Development Tools and Frameworks:- Java, Android Studio(IDE), Balsamiq, SQLite, Espresso, Git, GitHub, Slack, Trello Board

Web Application Developer - Internship

Jan. 2021 – May. 2021

J.C.N Technology Private Limited

- ***Played a crucial role in developing a responsive web app that efficiently matches client's lab technicians with consumer requests for wastewater analysis. This streamlined process boosted operational efficiency and led to a remarkable 25% increase in client sales.***
- Demonstrated technical proficiency in web application development by using programming tools like HTML5, CSS3, Bootstrap & JavaScript for Front-end, ASP.NET (C#) for Back-end, MySQL for relational databases and Microsoft Visual Studio as an IDE.

Development Tools and Frameworks:- HTML5, CSS3, ASP.NET, C#, JavaScript, MySQL
